DK Zero FS40

For the exclusive magis40 program by uni_one technology, in partnership with "Colombo Design", we have selected a handle with high technical and aesthetic performance: the magis40 DK Zero handle.

An innovative product with a distinctive stylistic signature style, where the almost total absence of space taken up by the washer further enhances the design of the window, actuated by a micro-movement that keeps the functional and usage characteristics unaltered.

HS-magis40

DK Zero FS42

The large handle for the "Colombo Design" lift-and-slide window was selected for the magis40 by uni_one technology programme. This is a model exclusively made for Uniform, with a recessed pull handle that perfectly adapts to the reduced thickness of the window frame profile. The large handle for the lift-and-slide window is provided in combination with the magis40 DK Zero window handle in the six available finishes.
