concept X \geq **15sqm**

SET DESIGN

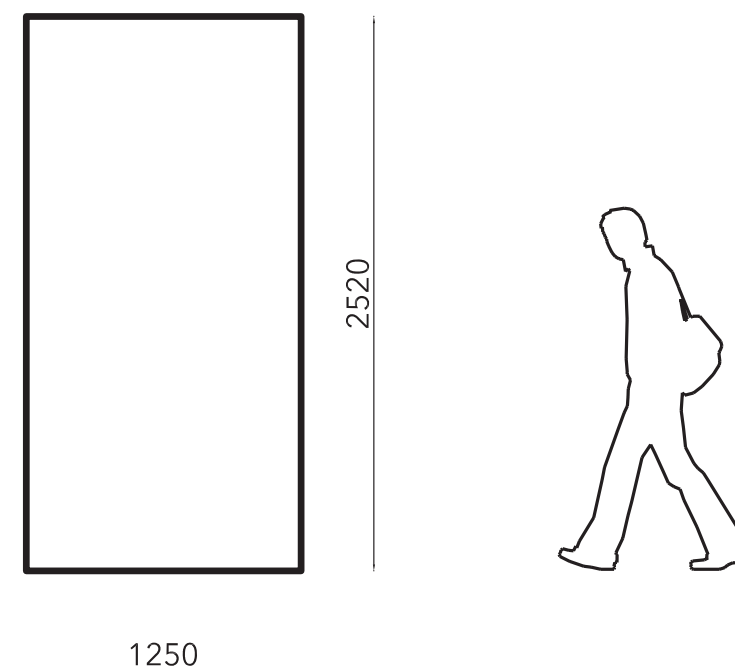

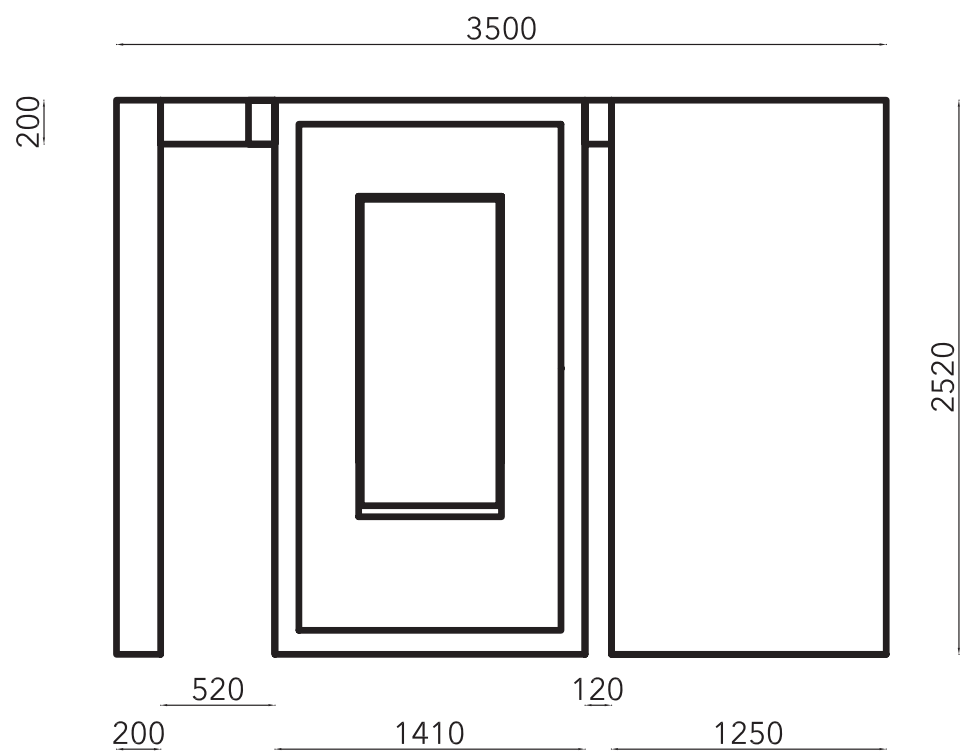

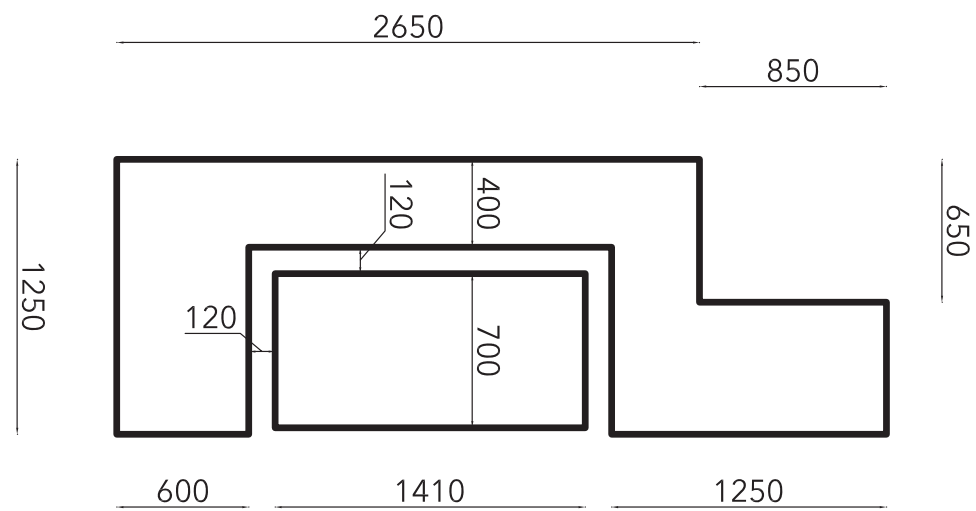

+

WINDOW OR BALCONYDOOR TOTEM

Concept X can be made by combining the setting with the totem variants for window and balconydoor (boiserie, metropolis, collection2021, white). The price of concept X, is calculated by adding the price of the setting (price on page 22) to the price of the window and balconydoor totems. Including 1 external side panel with backlit graphic, 1 internal adhesive graphic and 1 50x30cm plexiglass plate reading "magis40, produced with uni_one technology".

magis40

concept L \geq 18sqm

SET DESIGN

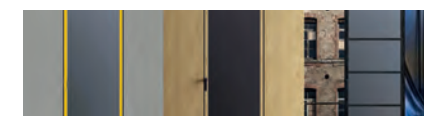

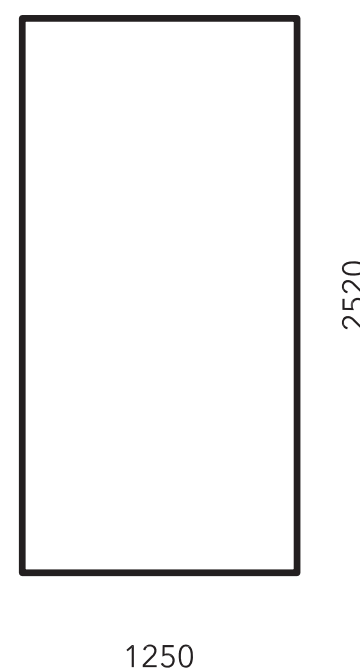

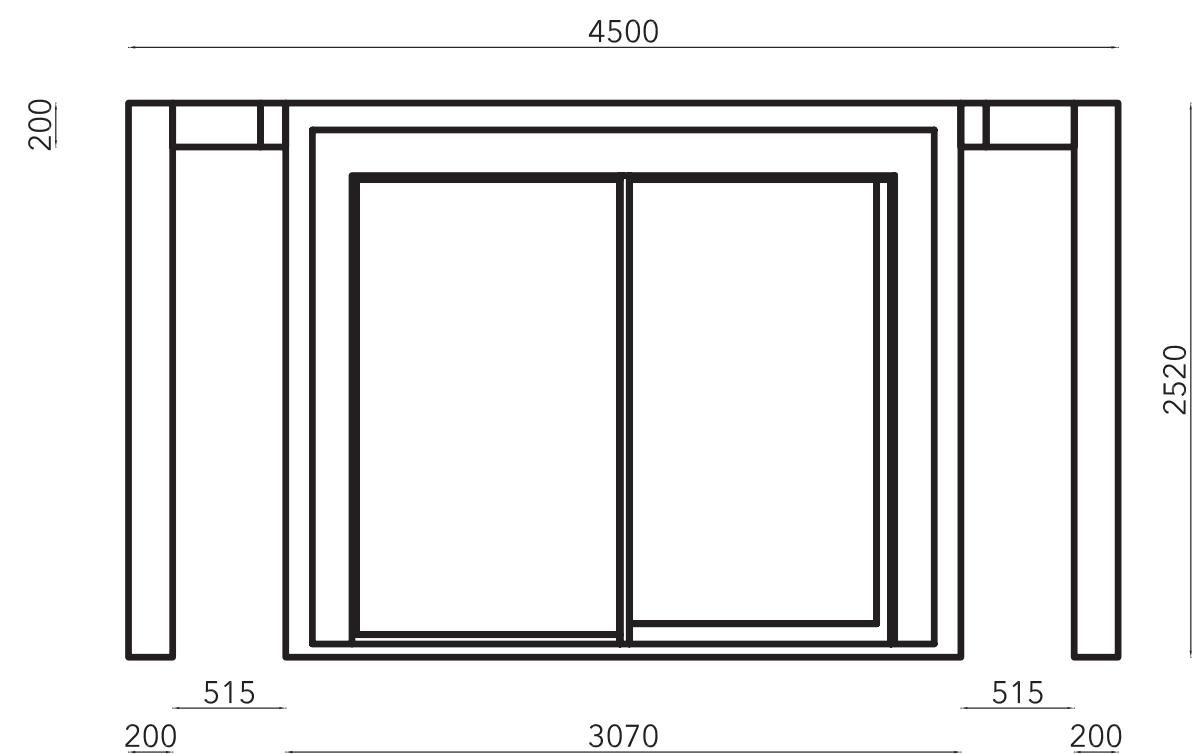

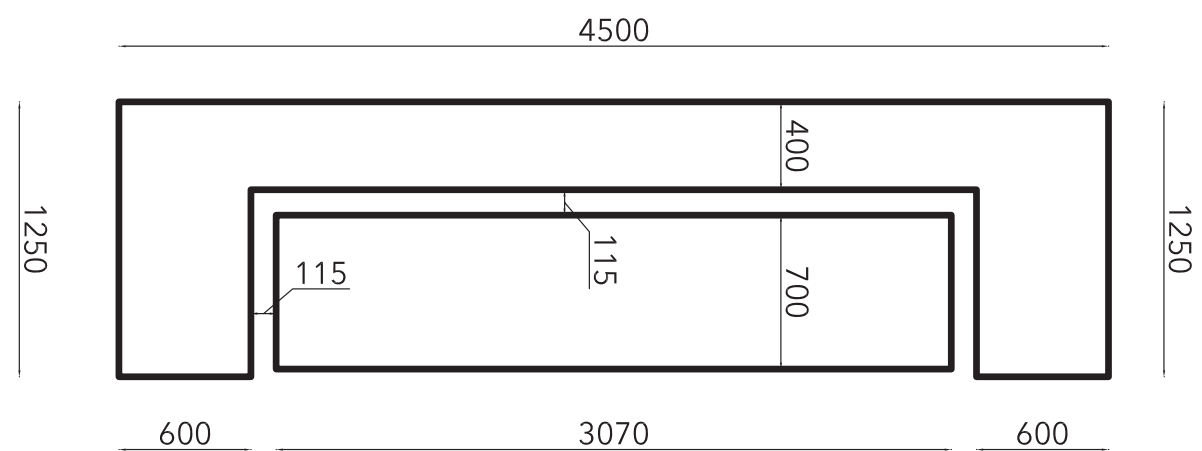

+

HS TOTEM

The concept L is set up by combining the set design with HS totem.
Concept L price, is calculated by adding the HS totem price to the set design price (price at page 22).
Including 1 external side with backlit graphic and 1 50x30cm plexiglass plate reading "magis40, produced with uni_one technology".

The concept XXXL can be set up by combining the set design and HS totem with the different types of totem for window and balconydoor (boiserie, metropolis, collection2021). Concept XXXL price, is calculated by adding together the price of all the types of chosen totem (window/balconydoor/HS) to the set design price (price at page 22). Including 2 external sides with backlit graphics, 1 internal adhesive graphic and 2 50x30cm plexiglass plates reading "magis40, produced with uni_one technology".

magis40

window concept S

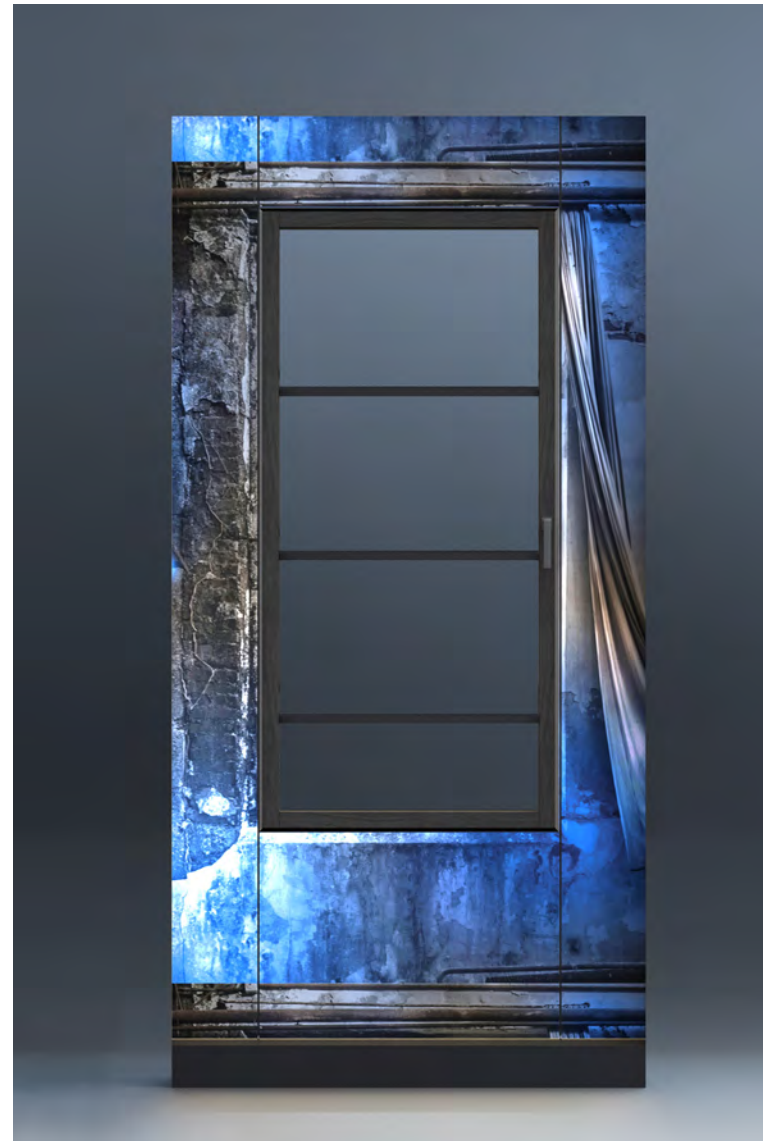

The S solution is specifically designed to integrate magis40 into already structured showrooms (boiserie, metropolis, collection2021, white). The structure must be inserted into the existing wall or anchored from above (it is not self-supporting). Including 1 40x20cm plexiglass plate reading "magis40, produced with uni_one technology", to be positioned in front of the outside view.
